

oomph::GeneralisedElement

```
graph BT; A[oomph::ImposeFluxForWomersleyElement< DIM >] --> B[oomph::GeneralisedElement];
```

The diagram illustrates an inheritance relationship between two classes. The base class, `oomph::GeneralisedElement`, is enclosed in a dashed rectangular box. The derived class, `oomph::ImposeFluxForWomersleyElement< DIM >`, is enclosed in a solid rectangular box. A vertical arrow points from the top center of the solid box to the bottom center of the dashed box, indicating that the derived class inherits from the base class.
