

oomph::GeneralisedElement

```
classDiagram
    class oomph_GeneralisedElement
    class oomph_NetFluxControlElement
    class oomph_NetFluxControlElementForWomersleyPressureControl
    oomph_NetFluxControlElement --|> oomph_GeneralisedElement
    oomph_NetFluxControlElementForWomersleyPressureControl --|> oomph_NetFluxControlElement
```

The diagram illustrates a class hierarchy. At the top is a dashed box containing the text 'oomph::GeneralisedElement'. Below it is a solid box containing 'oomph::NetFluxControlElement'. At the bottom is another solid box containing 'oomph::NetFluxControlElementForWomersleyPressureControl'. A vertical arrow points from the solid box above to the dashed box, and another vertical arrow points from the bottom solid box to the solid box above it.
